SWITCH Sign Holder

Switch is a simple, tamper-resistant and economically priced solution for displaying changeable paper inserts. Switch signs are ideal for use in residences, hospitals, schools, transportation terminals, or any public spaces where access to sign contents must be controlled. Made from 2mm non-glare acrylic, we are pleased to provide custom sizes and colours on request.

NEW! Our Switch Graphic Holder has become one of our signature products. The Switch has proven to be so popular and versatile as a communication device, that we have developed various options to meet the specific needs of any setting.
